**Subject:** Great response on the Nikkei

[REDACTED]  
[REDACTED] wanted to share the article below about [REDACTED] largest stock rally in 9-years on the Nikkei driven by their \$5.5B XRP exposure from their Ripple equity ownership. [REDACTED] was also the 8th-highest traded stock on the day. [REDACTED] had a \$5B market cap before the rally.

Great validation that the public markets value XRP and exposure to XRP through Ripple equity.
